EDUCATION

Degree	Institute	Board / University	CGPA/Percentage	Year
B.Tech ECE	Indian Institute of Technology (BHU) Varanasi	IIT (BHU) Varanasi	7.21 (Till 6th Sem)	2023-2027
Senior Secondary	TTWR IISC Rajendranagar, Hyderabad	SCERT	97	2023
Matriculation	TTWR SOE KHAMMAM	SCERT	100	2021

TECHNICAL SKILLS

- **Programming Languages:** C, C++, JavaScript, SQL, Python (Basics)
- **Web Technologies:** HTML, CSS, JavaScript, React.js, Node.js, Express.js
- **Databases:** MongoDB, MySQL
- **Core Computer Science:** Data Structures and Algorithms, Object-Oriented Programming, Database Management Systems, Operating Systems, Computer Networks, Fundamentals of System Design
- **Version Control & Tools:** Git, GitHub, Vercel, Netlify
- **Cloud Technologies:** AWS Cloud Computing (Basics)
- **Problem Solving:** Solved 500+ DSA problems on LeetCode and GeeksforGeeks with strong understanding of algorithms and data structures
- **Areas of Interest:** Software Development Engineering, Full Stack Web Development

EXPERIENCE

- **Frontend Developer Intern**
Developer Arena *Remote*
May 2025 – Jul 2025
 - Developed a scalable E-commerce application using **React.js, JavaScript, Tailwind CSS, and React Router** with responsive and reusable UI components.:
 - Implemented **Context API** for state management, integrated **REST APIs**, and developed authentication and persistent shopping cart functionality using **Local Storage**.:
 - Built product catalog, checkout workflow, form validation, and cart management features while ensuring cross-browser compatibility and responsive design.:
 - Improved application performance using lazy loading and code splitting, and deployed the application using **Git, GitHub, and Vercel/Netlify**.:

PROJECTS

- **E-COMMERCE WEB APPLICATION**
GitHub Repository
 - Developed a scalable E-commerce web application using **React.js, JavaScript, Tailwind CSS, HTML, CSS, and React Router**.
 - Implemented **Context API** for state management, integrated **REST APIs**, and developed authentication and persistent shopping cart functionality using **Local Storage**.
 - Built product catalog, shopping cart, checkout workflow, and form validation features with responsive and reusable UI components.
 - Enhanced application performance through **lazy loading, code splitting**, and deployed the application using **Git, GitHub, Vercel, and Netlify**.
- **Expense Tracker**
GitHub Repository
 - Developed a scalable Personal Finance Management application using **React.js, Node.js, Express.js, MongoDB, JavaScript, HTML, and CSS, TAILWINDCSS**.
 - Implemented expense tracking, transaction management, budget monitoring, financial goals, analytics dashboards, and reporting features with responsive UI design.
 - Built reusable components, integrated authentication and persistent data storage, and developed search, filtering, and real-time financial insights modules.
 - Optimized application performance using modular architecture and responsive design principles to deliver a modern fintech user experience.
- **Hospital Website** *Live Demo*
GitHub Repository
 - Developing a full-stack Hospital Management System using **React.js, Node.js, Express.js, MongoDB, and Tailwind CSS** for appointment management and healthcare services.
 - Built a fully responsive and accessible user interface with smooth user experience, doctor profiles, appointment booking, and contact management features.
 - Implemented **RESTful APIs** and **CRUD** operations for review management, enabling admin approval workflows and dynamic content updates through the **MERN** stack.

- Integrated MongoDB Atlas for scalable cloud data storage and developed role-based admin functionalities for appointment and review management.
- Currently integrating SMS notification services for appointment alerts, backend API integration for admin approvals, and modular architecture to support scalability and maintainability.

ACHIEVEMENTS

- JEE Advanced 2023:** Secured AIR 371 (Category) among candidates across India.
- JEE Main 2023:** Secured AIR 642 (Category).
- Achieved a maximum LeetCode Contest Rating of 1700+ and solved 500+ DSA problems across coding platforms.:**
- Problem Solving:** Solved 500+ DSA problems on LeetCode and GeeksforGeeks.

POSITION OF RESPONSIBILITY

- **Marketing Team Executive Member** *July 2023*
Marketing Team , SPARDHA 2024, IIT (BHU) Varanasi
 - Served as the **Marketing Team Executive Member SPARDHA 2024, Annual Sports Festival of IIT(BHU)**, successfully engaged **different Companies with their different marketing Executive Officers**
- **Co-Coordinator Member**
EES Mashals , IIT (BHU) Varanasi
 - Served as Co-coordinator of **EES fest Mashals (sports) , IIT(BHU)**
